

## Hamble Caravanning Weekend

(Thursday 28th October to Monday 1st November 2010)

### “Sammers blown away”

“The Shed” (not actual, illustration only)

Twenty club members arrived at the Riverside Caravan site not knowing what to expect. Once the caravans were allocated, all were amazed at just how luxurious they were. I think that the central heating was a plus for many! With the “Four Amigos” being allocated the Lodge (nick-named the “Shed”) for the weekend, all looked set for an enjoyable stay. Eric and Gill Bush had decided to attend in their camper van and our Chairman arrived in his Audi (useful for shopping etc!). The following day Lawrence took a group down and around Zig-Zag hill, whilst on the Saturday it was Gary’s turn to try and lose some members around the Poole area (nice try bad luck!). On Sunday it was time to meet our namesakes, SAM (Solent Advanced Motorcyclists). Pete Curtis (Solent) had arranged a ride around their area but due to the winds and heavy rain this was cut short after a couple of hours, finishing at Loomies’ Café.

Despite the weather I think it can honestly be said that everyone had a wonderful time, with many complaining of sore jaws and ribs from the continued laughter!

(A full report will be published in the January 2011 Journal)
